Travel Party

4 Musicians

- Bruttler (Vocals)
- Trübli-Udo (Guitar and Bass)
- de lieslige Karle (Guitar)
- Saubueb (Drums)

2 Crew

- Bass Tech
- Driver / Merch-Hand or FOH
(we will let you know if we bring a sound engineer with us)

Every travel party member needs access to all areas (AAA) at all times as well as the same treats (e.g. drinks and food).

Parking and Loading

For our cars we need safe parking in front of the venue for loading and parking during the entire duration of the event.

Rooms

Please provide one safe room with power, WIFI (if possible), seating for at least five persons. Please show us the shower, bathrooms and other facilities upon arrival.

Catering

Usually we have long drives and we would be happy about a plate of sandwiches or any other snacks, vegetables or fruit upon arrival. Thank you!

For **dinner** please provide: **1x vegetarian** (vegan if possible) and **5x carnivore meals**. If you are not able to provide us with proper warm meals please hand us a **buyout of 10€ per person**.

Drinks:

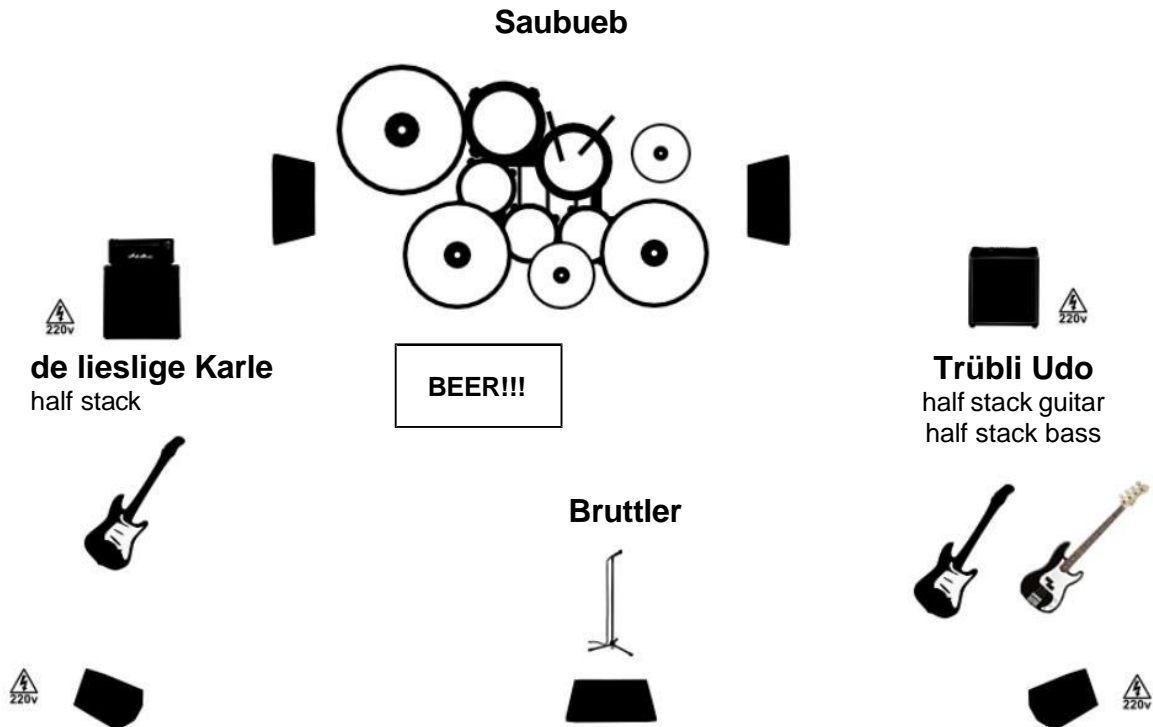

- **water and Beer** for the stage and backstage
- **lemonade**
- **softdrinks / energy drinks / juice**

Accommodation

For **tour**-stops or drives longer than 170 km/100 miles we need an accommodation – thank you!:

Private, Hostel or Hotel. Everything dry and comfortable that offers enough space for the whole travel party is just fine.

Technical Rider

Please provide **power supplies** at the amps and the guitar's (incl. bass) monitors for effects and tuning.

Our drummer mostly brings his own stands in order to build them up and prepare them backstage.

General Information

Important!

If your venue is placed in a country (e.g. Switzerland) that does not use the German power supply Typ F (CEE 7/4) „Schukostecker“, please provide enough proper adapters for Schuko.

I/O and Input List

Channel	Instrument	Mic (sug.)	Notes / Effects

Backline

MUGGESEGGEL will bring a backline consisting of

- One BluGuitar Amp 1 (Pedalboard Amp)
- One Neural DSP Quad Cortex (Floorboard Amp Modeler) + Seymour Duncan PowerStage 200 (Poweramp)
- one bass head
- drum seat
- snare, kick pedal, hi-hat pedal, cymbals and (mostly) stands
- wireless Mic (optional, Bruttler is lazy in packing)

that can NOT be shared with other bands.

We **won't bring** any cabinets or drums **if not agreed** upon. So please make sure to have cabinets and drums provided by yourself or by local bands if we did not talk about the backline.

Please contact us if we should bring backline parts that can be shared with other bands and we will see what is possible.

Last words

If there is any problem with written above or anything you are not capable to deliver, please do not hesitate to contact us before the show. There is nearly always a way, we will find solutions.

**THANK YOU FOR EVERYTHING IN ADVANCE
WE SURELY WILL ENJOY OUR STAY AT YOUR VENUE!**
